A Note From the Administrators

HAPPY★NEW★YEAR

"I hope that in this year to come, you make mistakes. Because if you are making mistakes, then you are making new things, trying new things, learning, living, pushing yourself, changing yourself, changing your world. You're doing things you've never done before, and more importantly, you're doing something." Neil Gaimann

A New Year's resolution is a promise a person makes for the new year. Regardless of what resolution you commit to, the goal is to improve life in the coming year. This is what we strive for our students to do in the coming year. As report cards are issued on January 10, 2018, sit down and have a discussion with your child about what they can do to continue to grow in their academic journey. If you have a concern please reach out to your child's teacher. All teachers have a planning time where they can meet with parents to discuss how to help grow your child towards success. In third, fourth and fifth grade we will be working diligently to prepare our students for the LEAP test that will be administered in the Spring.

Remember as you are helping your child set goals talk with them about any supplies that might need replenished. These supplies are the tools that students need in order to complete the practice needed so that they can achieve.

Vision Statement

Our vision is that C.T. Janet will be a school regarded for academic excellence.

Mission Statement

We are committed to providing quality instruction that will support consistent student achievement so that all students attain grade level or higher performance levels annually.

JANUARY 2018

Growth Mindset

HOW YOU CAN HELP YOUR CHILD

1 TALK ABOUT IT

Talk with your child about their day, but guide the discussion by asking questions like:

- Did you make a mistake today? What did you learn?
- What did you do that was difficult today?

2 PRAISE THE PROCESS

Instead of saying, "You're so smart!" praise effort, goal setting, persisting through challenges, or being creative.

You can say something like:

- "Wow! You must have worked really hard on this!"

5 ENCOURAGE FAILURE (SAY WHAT?!)

Your child needs to know that failure can (and often does) happen and **it is okay!** Remind them that each time they fail and try again, their brain is growing stronger! Don't step in to prevent your child's failure - this is how they learn to persevere in the face of challenges.

THE BRAIN CAN GROW!

Remind your child that **their intelligence is not fixed**. Remind them that when things are difficult, their brain grows if they persist through the challenge. Each time they learn something new, their brain is making new connections. Your child needs to know this is possible!

HELP THEM CHANGE THEIR DIALOGUE

The way your child talks to themselves makes a huge impact on their mindset. If they say, "This is too hard!" help them change that to "I can't do this yet, but I will keep trying." Give them the words to say when they are feeling defeated by modeling it yourself!
